

## UPCOMING EVENTS IN SWEDEN 2020 - 2021

There will be several events this and next year. Concerning registration, most of the trade fairs are free to attend as a visitor. Business Region Goteborg will be present at most of the events and can give introductions to possible networking partners.

All interested companies should email Erik Behm, Area & Investment Manager ICT at Business Region Göteborg ICT: Erik-Wilhelm.GraefBehm@businessregion.se

### **20200825 – 27 Vitalis 2020, [www.vitalis.nu](http://www.vitalis.nu)**

Conference (partly in English).

By 2025, Sweden will become the best in the world at exploiting the opportunities offered by digitisation and eHealth, making it easier for people to achieve quality and equality in health and welfare.

Investing in eHealth solutions will be a necessity in order to overcome the challenges faced by society – an ageing demographic profile, mounting costs and pressures on budgets. A part of the challenge is to gather enough information and knowledge to ensure that the correct eHealth and digitisation investment decisions are made, and that new regulatory frameworks are complied with.

To get the big picture join us at Vitalis, the Nordic region's largest conference and exhibition focused on transforming healthcare and social Welfare.

**202103XX Prod Summit Göteborg**

**20210413 - 15 Leva & Fungera 2021, [www.levafungera.se](http://www.levafungera.se)**

Exhibition

Leva & Fungera is a crucial meeting place for anyone with a disability, their caregivers and healthcare professionals. It first took place in 1980 and runs every second year.

This is Scandinavia's largest and most established event of its kind. This event is focused on the latest in assistive technology products to enhance the life of people with physical disabilities. It is a forum for exchanging knowledge and explores new development in this growing market.

Promote your company and show what you can offer our 14,000 visitors. Here you can meet your customers, influence them with your competence, as new opportunities for a richer life becomes real. Leva & Fungera has the genuine warmth that makes you feel good and offers everyone a chance to experience new products and innovative new ideas.

We offer the market an unique venue. The core of the event is physical handicap accessibility.

Vision/Hearing/Cognitive aids is a growing market. We are the meeting place in the industry where the branch and users can network and get an overview. We have been successful because of the personal atmosphere and also because we ensure the right quality of exhibitors and visitors.

The main purpose of this event is to inspire, enhance skills and find new solutions. Solutions that can provide a richer life!

Main product sectors: Rehab – technical equipment, Personal assistance, Training, literature, Transport, Building, installations, fixtures and fittings,

Visitors: Occupational therapist, Physioterapists, Purchaser, Care givers, nurses, technicians, Users, personal assistants

#### **202106XX - XX Startup Extreme, Voss, [www.startupextreme.co](http://www.startupextreme.co)**

Startup Extreme was created by Startup Norway in 2015 with a mission to showcase the Norwegian startup scene internationally and professionalize the Norwegian startup ecosystem—ultimately, to support the next generation of great, world-conquering, Norwegian companies.

At the heart of Startup Extreme is a deep commitment to building our startup ecosystem and supporting founders from our region. We do this by showcasing the most promising Norwegian startups to international investors and the press. Our goal is to push Norway towards becoming an internationally influential startup ecosystem.

Today, Norway has the fastest growing tech scene in the Nordics and Oslo is emerging as a contender to become the next startup capital of Europe. Supporting the philosophy behind why Startup Extreme was established—the growth we are seeing in Norway only strengthens our belief in this startup ecosystem. Now, in its fifth year, Startup Extreme represents true startup DNA—real, authentic, and a little crazy. We love to create experiences that give you a “zen-like” feeling to take your mind off work but support your goals being achieved in ways you can’t replicate in the office, on conference calls, or at traditional conferences.

We are all about community and developing a bond that goes deep—natural connections that are almost spiritual.

Essentially we—being a startup ourselves—build events we’d love to attend.

Contact: Hamid Samadi ([hamid@solidbeans.com](mailto:hamid@solidbeans.com)), +46 708 66 23 33 & Amelie Hellners ([amelie@solidbeans.com](mailto:amelie@solidbeans.com)), +46 702 190852

**20220322 - 24 Träffpunkt Idrott/Sports Summit** <https://traffpunktidrott.se/>

Sports Summit (Träffpunkt Idrott) is Scandinavia's leading exhibition and conference for sports, swimming and facilities – in Gothenburg on 17-19 March 2020. The fair is the biggest, most important meet 'n' greet for making face-to-face contact with decision makers, influencers and innovators who buy or advise on equipment, materials and venues for all kind of sports, swimming, leisure, health, fitness activities, facilities and buildings.

Sports Summit at the Swedish Exhibition & Congress Centre provides a golden opportunity for exhibitors to meet new or existing customers, establish new business contacts and socialise with colleagues. A good turnout of exhibitors, a high-interest conference programme and some great let-your-hair-downs have all helped to make Sports Summit the biggest and most influential meeting place in Sweden for everyone in the business, whether suppliers or customers and their advisors.
